THIS IS NOT THE LONDON TIMES!

Readers are assured that this issue of the Town Crier is not the London Times, because of all the Front Page advertising. When the Wilmington Community Fund wants an advertisement on the front page it will get it, in spite of the fact that the Town Crier is adverse to such front page advertising.

VOL 22 NO 11

LSWC

TOWN CRIER - WILMINGTON, MASS.

SEPTEMBER 15, 1966

PRICE 10 CENTS

## FinCom Hearing Tonight

# 38 ARTICLES FOR TOWN MEETING

The Wilmington Finance Committee will hold a hearing tonight in the Herbert C Barrows Auditorium, starting at 8 pm., on what is probably the largest warrant ever assembled for a Special Town Meeting in Wilmington.

Technically the hearing is for the purpose of informing the Finance Committee about the matter affecting the various articles. It is not for the information of the General Public.

But much can be learned by some who attend the meeting. No warrant has as yet been published, so that the listeners will learn the content of the articles, if they

so wish, merely by attending.

The hearing is to begin at 8 pm. A listing of the articles will show that #1 is for the purpose of allowing the Town's Treasurer to borrow \$10,000 (no taxes have been collected yet this year).

Articles 2 through 10 are for the acceptance of certain streets, one article for each street. In the order of their appearance in the articles, those streets are Anthony Avenue, Arlene Avenue, Catherine Avenue, Frederick Drive, Grace Drive, part of Gunderson Road, part of Marie Drive, Melody Lane and Wilton Drive.

Article 11 is to transfer money in the Town Engineer's Account. The statutes are such at this time

that the Town Meeting's permission is needed to effect such a transfer.

Article 12 is to ask for money for the construction of three bridges, new, over the Boston & Maine Railroad. Representative Fred Cain will probably speak on this article, as he has been instrumental in having sums of money allocated by State and County for the reconstruction of Wilmington's railroad bridges.

Article 13 is to ask for a sum of money for the purchase of Baby Beach, so called, at Silver Lake, the scene of many legal battles in the past several years.

Article 14 is to ask for a sum of money to purchase about 6

acres in the rear of the Whitefield School, for a new school site.

Article 15 is to ask for a sum of money to purchase land for a new school off Shawsheen Avenue, at Hopkins Street, and Article 16 is to ask for money for Preliminary Plans for that School.

Article 17 is to ask for money for the addition of four rooms to the Wildwood School.

## New office hours for Planning Board

Danny Gillis, Chairman of the Planning Board, had a gleam in his eye, Tuesday evening, when he entered the meeting room.

For several weeks past Mr Gillis has been having a sort of private war with the Jackson Brothers.

The Jackson Brothers are building homes off Webber Street, a street which has been in existence for some years as a 'paper' street. The Jackson Brothers have a plan signed by the Planning Board in 1955 which approves that street.

Mr Gillis and other members of the Planning Board are unhappy about that street. They think it should be wider than the forty feet shown on the plan.

Gillis didn't get around to his subject until the latter part of the Planning Board meeting, but then he announced that in 1954, a year before the Planning Board had signed the plan for Webber Street the Town Meeting, in June, had passed a by law making all new lots 150 by 150 feet. This was done in anticipation of the 1955 By Laws, then being studied.

The By-Law voted in June of 1954, Mr. Gillis told his fellow board members, means that the plan of 1955 was illegal, he believed. He was going to investigate further, and tell the board about it next week.

And there was a gleam in his eye as he talked.

### New Hours

The Planning Board issued a statement as to its meeting hours, and office hours.

The meetings are to be held every 2nd and 4th Tuesday of every month, at 8 pm in the Planning Board office in the Hiller House.

Appointments for the meeting can be made during office hours, by applying at the office, or by calling 658-6512.

Office hours are on Friday afternoon of every week, from 2 to 5 pm.

### Other Business

The board set Oct. 4th for a hearing on a proposed subdivision off Cunningham Street - Faulkner Avenue. The subdivision is to be known as the Pine Tree Village.

It discussed with the Jackson Brothers a plan for a drainage slope, in the new Barrows Park, and discussed with Bruce McDonald a plan dating back to 1955 of land on Chestnut Street.

The contract with Professor Elliot of Haryard, for future planning studies, will probably be signed next week, the board decided. The contract has been under discussion now for several months.

A proposal to lift some restrictions of a financial nature for Mr. MacFarland of Billerica was tabled until next spring, on motion of Atty James Banda. Mr. MacFarland had replanted some trees to replace those which had died, on redwood Terrace, and the board felt it should wait until spring to make sure that the trees were still alive. Mr. MacFarland had had these trees planted by a different nursery than had planted the previous trees.

Gillis reported on a conversation with the Town Manager, relative to having a separate board or committee, to be in charge of parks.

At the present time parks are under the charge of the Recreation Commission, as voted in a Town Meeting in 1963.

The Planning Board is anxious to have some studies made by Professor Elliot, on future park planning, under a so-called '701' program, using Federal funds allocated for that purpose, and feels that the Recreation Commission is having its hands full with their own business without having to take care of parks too.

Gillis said he had not finished his conversations with the Town Manager, and both Banda and Mrs McKie took positions that something should be done to activate the park study. Mrs McKie's

remark was that there had been two Town Managers who didn't give a darn about Parks.

Mrs McKie said that the League of Women Voters would like to have the Planning Board speak about the new By-Laws proposed for the Town Meeting of October first. They are to meet on Sept. 27th, in Friendship Hall in the Methodist Church, which is the same night that the Planning Board is scheduled to meet.

The planning board accordingly changed its meeting to be on Wednesday instead of Tuesday, so that it could discuss the proposals with the ladies of the LWV.

There was a long discussion about an \$8500 bond on Esquire Estates, in North Wilmington, the discussion being started by Austin Rounds.

A new owner is acquiring the undeveloped portion of the property, through a mortgage foreclosure, and the Planning Board felt that the sidewalks, etc. in the subdivision might not be completed. It voted to send a letter to the new owner, and to the old one, notifying them that the bond might be fore-closed. The motion was made by Jim Banda.

Mr Rounds brought up the subject of Burlington Avenue, and the proposal by Rep. Fred Cain for new bridges over the Boston & Maine Railroad.

He said that between what he had heard from some residents, and what he had read in the Town Crier he was disturbed, in that work may be going on that will not be properly co-ordinated.

Gillis reminded the board that he had asked the Board of Selectmen, several weeks ago, to 'please let us do the planning for the town, and not the DPU.'

What was going on, Gillis said, could be a dangerous precedent. The people on Burlington Avenue had voted against a plan for sidewalks, the gas company was putting in mains, and he feared that trees would be killed by having roots cut. He had written a letter about that.

Burlington Avenue, Gillis told the Board, was the 'cotton street' of Wilmington - it was surfaced with cotton back in the WPA days, and a wonderful street had been the result. He didn't want to see that surfacing destroyed.

'Mark my words' Gillis said. Some day, about 7:30 am, there will be a gang of men on Burlington Avenue, cutting down trees, and when the town wakes up the trees will all be gone!'

Rounds remarked that the town will be asked to vote some money because of the bridges and the money that Mr Cain has had set aside for the town.

'I am not happy - there is no such thing as a circulation plan'.

Gillis: 'People on Burlington

Avenue come to me. There is too much apathy about that street. It might be a sellout, for all I know. I don't like the attitude.'

Rounds: 'This town will be spending a million dollars in the next few years on bridges and roads, and I think we should have some recommendations.'

Banda changed the subject to the library proposal. He told the board that he was disturbed because there were people who believed that the Planning Board had proposed the purchase of the Weinberg property.

'We loaned our consultant, for the library survey.'

'The Library Board, like any committee, didn't pay attention to the survey, but went out and got some other sites.'

Gillis: We asked Snow to make the survey of library sites.

Banda: Who was he working for? Who paid him? I'd like to have some answers!

Gillis: My instructions - they may have been verbatim, was to

find out if the St. Thomas site could be used. To see if it was the right site, and if not, to look at other sites. I told him to stay out of politics.

You remember I said the St. Thomas site was wrong, but I told him if he could prove it was right it would be right.

There was a discussion of the 'secret' site, i.e. Wienberg's. Gillis said that Snow's report was the one that had been given to the Planning Board, and reminded the board that they had made the Town Manager wait until they had looked at it.

Banda: The Planning Board was not involved in that site. We had five others, and then the Library Committee had to pick others. They have that right, of course.

The meeting ended at 10:40 pm which was a very early ending for the Planning Board. The board signed twenty plans, which also set a record.

## Evening School Registration

### Tuesday and Thursday Next Week

Registration of the evening classes will take place next Tuesday and Thursday, Sept. 22, in the High School cafeteria, from 7 to 9 pm. Classes will begin the following week and will continue one or two evenings a week for twenty weeks with the exception of the Cake Decorating and Knitting Classes.

The Cake Decorating Class will be completed in five weeks and will start in January 1967, but registration will take place next week. Knitting will be offered on a ten-week basis, with a new registration required for the second ten weeks.

Courses in English, US History, and Math for High School diploma credit will be offered. Further information will be offered on registration.

Classes will not meet on school holidays, during school vacations or during days when school may be closed due to inclement weather. The courses are open to all adult residents of Wilmington and nearby communities. Wilmington residents will be placed on a priority listing for all courses. Each course has a registration fee of \$1.00. Registration for all courses will be open on both evenings. Others who wish to register may place their names on a waiting list and will be notified when a vacancy occurs.

Anyone may take more than one course, time permitting. Each student must provide his own materials but necessary heavy equipment, such as sewing machines and shop equipment will be provided

by the school.

Classes on Tuesday or Thursday will be: Beginners and Advanced Clothing, Tailoring, Speed Reading, Foreign Language, Basic Electronics, Graphic Arts, Shorthand, Office Machines, Typing and Modern Math.

Offered on Tuesdays: Knitting, Rug Braiding, Woodworking I, Cake Decorating, Drafting, Upholstering and Ceramics.

Offered on Thursdays are Rug Hooking, Woodworking II, and Arc Welding.

Offered on Tuesday and Thursday are Bookkeeping, Math, English, and US History.

Joseph P Beaton, Director of the evening school will accept suggestions relative to adding courses as soon as they are received. If the number of suggestions are enough action will be taken to make the courses available. Postcards may be sent to J P Beaton, Wilmington High School, with Name, Address, Telephone, and title of the course.

I'm tired of  
hearing about  
**POLITICS**  
...Aren't you?

### SO LET'S KEEP THIS NON-POLITICAL

Well, at least brief!

The first round of shouting was over Tuesday. You've got a final choice to make on November 8th; and, on that day, I'll be asking you for a vote as your State Representative.

You're no doubt looking for a new type of legislator... the no-nonsense sort of man who's got both the background and the experience to do the job. You want to be able to say about him, "I know no other person better prepared to serve my interests and protect my pocketbook."

Is ROBERT H. GORDON this sort of man?

So you ask, "What's the score?"

*Bob Gordon*

EXPERIENCE	SERVICE	BACKGROUND
<ul style="list-style-type: none"> <li>• Administrative posts in New York and Massachusetts State Government.</li> <li>• Consultant, Tax Structure Study Committee.</li> <li>• Practicing Attorney</li> </ul>	<ul style="list-style-type: none"> <li>• Kiwanis President</li> <li>• United Fund Administrative Chairman</li> <li>• Church Board Member</li> <li>• Assistant Town Counsel</li> <li>• Republican Chairman</li> </ul>	<ul style="list-style-type: none"> <li>• A.B. in Government</li> <li>• Master's Degree in Public Administration</li> <li>• Doctor's Degree in Political Science (All awarded by Syracuse University)</li> <li>• LL.B. (Harvard Law School)</li> </ul>

Tally up a total that equals a **qualified** candidate who won't be a stooge for the so-called "insiders" in the Legislature.

## Selectmen's Meeting

Robert Tadgell, of Dorethy Ave. was elected a member of the School Committee, Monday night in a joint meeting of the Board of Selectmen and the School Committee. Mr Tadgell was elected to the position vacated by the recent resignation of Chairman Glen L. Connolly, and was elected by acclamation. A resident of Wilmington for the past 9 years, he is Assistant Manager of the State Bank and Trust in Woburn, and is an uncle of the Pastor of the Congregational Church.

In other action the Selectmen decided to drop three articles from the warrant of the Special Town Meeting of October first. Two of the articles were for proposed Betterments on Silver Lake Street, proposed by Selectman Miceli, and one was for a bond issue for a sewerage program, proposed by the Town Manager.

A license for National Polychemicals of Eames Street, for the storage of 5000 gallons of propane gas, to be used in a fertilizer production process was unanimously granted. The location and installation plans, which included a fenced enclosure, had been previously approved by the Fire Chief and an insurance company.

### Housing Authority

Ernest Crispo and Wilson Belbin of the Wilmington Housing Authority appeared before the board to inquire into the availability of town owned land for a site for an additional forty units of housing for senior citizens.

Crispo told the Selectmen that state and federal funds are now available for constructing such housing. Chairman Lloyd Bender referred them to the Board of Assessors for location of a suitable site for the proposed units. Crispo said that 12 to 15 acres would be

required for the additional housing units.

### Lion's Drive

Bender called attention to the fact that the Wilmington Lion's Club will be conducting their annual sale of light bulbs, for the benefit of eye research, next Sunday. King Lion John Harvey was on hand to have his picture taken with the Selectmen.

### Hearings and Licenses

A hearing was held for the street acceptances, for streets named in the warrant for the Special Town Meeting.

The board granted license renewals for Balestrieri's Taxi and the North Wilmington Pharmacy. A license for the storage of gasoline at the new pumping stations owned by the town on Aldrich Road and Butters Row was granted.

The Selectmen raised questions regarding the Health Officer's disapproval of a Sunday license renewal to Scotty's Restaurant, in the Wilmington Plaza. Selectman Niles said he could not understand how the Health Officer could grant Scotty's a weekday license and then disapprove of a Sunday license. The board agreed to invite the owner and Mr. Romano, the Health Officer, to come in and discuss the matter at next Monday's meeting.

A license was granted to the Essex County Horsebreeder's Association to conduct a horse show at the Clark Farm on Andover St. on October 18th.

### Warrant Appropriations

Town Manager Richard Henneberger asked the Selectmen whether they wanted the money articles for the Special Town Meeting to be appropriated by taxation, or by bond issues. The Board decided that all appropriations except those for school construction should be by taxation. They directed that the School Construction appropriations, which will be partly funded by the state, be by bond issue. Mrs. Drew expressed her concern over the large amount of money proposed for appropriations by the warrant. 'It's terrible' she said.

Henneberger informed the Selectmen that the new estimated tax rate would be announced next week and that homeowners could expect to receive tax bills informing them of their new assessments and the tax rate at that time.

Selectman Paul Niles, rather sharply, noted that in a reading of a recent accounting of town funds there were unencumbered excesses in some accounts. He asked Henneberger to see if it were possible to have those funds transferred to other accounts where they are needed.

### New Business

Under new business Niles presented a Betterments request by the residents of Ferguson Road, for the Annual Town Meeting. Miceli asked that a chain be put up along a portion of the pedway behind the Woburn Street School. He said that he had been receiving complaints that automobiles were being backed into the pedway while being turned around, and thereby presenting a hazard to the children using the pedway.

Bender announced that representatives of the Lowell Gas Company would meet with the board next Monday evening to answer charges by residents of Boutwell Street that the gas company had misrepresented the number of residents along that street who wanted gas service.

Miceli asked for an accounting of the work done on Ainsworth Road. Henneberger said that \$800 had been expended so far, and that the road was almost completed.

The board decided to meet towards the end of September to record their recommendations on the warrant articles for publication in the newspaper, in spite of the protests from Mrs. Drew that the procedure was nonsensical. Mrs. Drew contended that the job belonged to the Finance Committee and that it looked silly for the Finance Committee and the Selectmen to publish sometimes contradictory recommendations.

Selectman Black requested that something be done to remedy the present 'atrocious' condition of the Shawshen Avenue bridge.

The meeting adjourned at 9:45pm

JOSEPH A. PAVELCAK IS  
DIRECTOR OF MERRIMACK  
COLLEGE COMPUTERS

Joseph A. Pavelcak, 8 Powderhouse Circle, assistant professor of mathematics at Merrimack College, has been named as the director of the newly-created Merrimack College Computer Center, according to an announcement by the Rev. John R. Aherne OSA, dean.

## WOMEN FOR McCORMACK HEADQUARTERS

The Women of Wilmington are determined to win the election this November for Edward McCormack, Democratic Convention endorsed candidate for Governor.

This week 10 women were named lieutenants in a growing women's army which is called WOMEN FOR McCORMACK.

By mid-September the McCormack Headquarters expects they will have 30,000 women enrolled.

Mrs. Elizabeth Kelley of 39 Shawshen Avenue, chairman of the Wilmington Women's Committee for McCormack has named 10 neighborhood lieutenants:

1. Florence Borofsky
2. Mary L. Cunningham
3. Alice Chisholm
4. Elizabeth Haley
5. Eleanor O'Keeffe
6. Mary Donovan
7. Mary McLaughlin
8. Barbara Peterson
9. Beatrice Enos
10. Gladys Banda

The women's group plans to present at ceremonies in Boston the pledges from 30,000 women in support of McCormack.

The Democratic Candidate is a graduate of the U.S. Naval Academy and Boston University Law School. He served as Attorney General of Massachusetts from 1958 to 1963. He waged a campaign against wrong-doing in public office which resulted in the state's present conflict of interest law.

## Boosters Meet Again Monday Evening

The Wilmington Boosters were dismayed, last week, when only six persons showed up for the first meeting of the year, held in the Wilmington High School.

The Boosters are a non-profit organization, devoted solely to the benefit of High School athletics and sports. They give, each year, \$1,000 in scholarships, and awards and trophies to the athletes.

It is an organization which is open to any resident of Wilmington, sports minded or not.

President Sal Lipiello extends an invitation to anyone in Wilmington to become a member - a working member who will attend meetings. Working for the Boosters takes very little time, Lipiello points out, and the thing that is appreciated most is attendance and ideas from the membership.

A special appeal is directed to the parents of the High School children, whether or not the children take part in the athletic programs, and also to recent gradu-

ates who have benefited from the work of the Boosters.

The Boosters will meet next Monday, in the High School small cafeteria, at 8 pm.

PFC JOHN MELVIN, son of Mr. and Mrs. Fred Melvin of 2 Fanuell Drive, who graduated from Boot Training, at the Marine Corps Base on Parris Island, S.C.

### ARTICLES (Fr. Fr. Pg)

Article 18 is to ask for money for the addition of four rooms to the Woburn Street School.

Articles 19 through 22 are in the Warrant at the request of the Wilmington Conservation Commission and asks that four lots of land, owned by the town, be transferred to that commission's care and custody.

The next six articles are technical in nature, and are sponsored by the Planning Board. Collectively they are the new Off Street Parking By-Law which the Planning Board has been working on for months, and which it hopes to have adopted by the town in the October first Town Meeting.

Article 29 is a proposed By-Law which would require hedges and other obstructions at street corners to be cut to no higher than 2 1/2 feet, so as to increase visibility to motorists. It is sponsored by the Planning Board.

Article 30 is also sponsored by the Planning Board, and has to do with enforcement of by-laws.

Article 31, another Planning Board article, is a revision of the by-law setting up the Board of Appeals. It does not appear to be complicated.

Articles 32 and 33 have to do with the special by-law voted last fall, which allow the construction of arenas and stadiums in Wil-

mington. The purpose of the proposed by-law corrections is to prevent arenas or stadiums from being built on sites of land ill adapted to such use. The law cannot affect the stadium or arena proposed by Monte Green and associates.

Article 34 is a revision of the idea proposed by Stanley Webber last year, in which the Board of Selectmen will be allowed to sell tax-title town owned land to abutting land owners. This article was worded by Town Counsel Alan Altman.

Article 35 can be called the Dry Cleaning By Law, and proposes to correct a seeming error made some years past, by erasing a bit of legislation from the town's books. It is sponsored by the Planning Board.

Article 36 is similar in nature to Article 11, in that the town will be asked to approve of the transfer of a sum of money, a couple of hundred dollars, in the salary account for the Police Lieutenant. The Town has to approve or the Lieutenant will not get all his pay this year.

Article 37 is to ask the town to purchase the Weinberg Department Store and make a Public Library out of the building. It is proposed by the Board of Selectmen.

Article 38, the last article, is proposed by Fred Jaeschke, the Supt. of Public Buildings. He is asking for \$10,000 for plans for a new Town Hall.

### PAUL THIEL IS ASST MANAGER AT HIGH VOLTAGE

Paul E Thiel has been appointed Assistant Manager of Advertising and Public Relations at High Voltage Engineering Corporation in Burlington, according to an announcement by Denis M Robinson, president.

A Wilmington High School graduate, Mr Thiel received his BS degree in Communications from Boston University in 1962, and joined High Voltage in the same year. He is a member of Sigma Delta Chi, professional Journalist Society, and lives with his family in Burlington.

## Over 4000 visited Sweetheart Sunday

SWEETHEART PLASTICS, SUNDAY: Had a Family Day for friends and relatives of its employees, with guided tours, a Rag Time Band, rides for the kiddies, and a picnic lunch. Over 4,000 were present to be the guests of the plant and its officials and employees.

For four hours the line in front of the admission office never got any smaller than this.

Marie Malsten of Woburn Street was disguised as a Sweetheart Ice Cream cone, and she enjoyed it. Coming out of the door is Alyce Weed of Essex Street.

THREE EMPLOYEES OF SWEETHEART: Kathy McCue of Lawrence Court, Charles Ravagni of Fay Street and Tabor Tinney of West Street Reading. They are standing by the truck in which the Jazz Band was playing wonderful music.

## Wilmington Methodists Sponsor Community-Wide Mission

Encouraged by Cardinal Cushing's friendly encouragement of Billy Graham's latest Boston Crusade, the Methodists of Wilmington will sponsor a preaching mission Sept. 18 thru 23 which is evangelistic and ecumenical in character.

Services for young people and adults will be conducted at 7 pm on Sunday and 7:30 pm Monday thru

Friday by the Rev. Willis P Miller, Pastor. He has conducted an average of four such crusades annually for twenty years in about a dozen states and for about six different denominations.

Officiating Clergy at these evening services will be the Rev. Robert Smith of the First Baptist Church, the Rev. Father Francis W. Mac-

kin of St. Thomas Roman Catholic Church, the Rev. David Wuori of the Forest Street Congregational Church, all of Wilmington, the Rev. Carlton W Talbot of Aldersgate Methodist Church, No. Reading, and the Rev. Dr. Leslie Johnson, Executive Secretary of the Methodist Conference Board of Missions. Prayer Cell leader in the Methodist Church Office week-nights at 7:15 will be Mrs. Guy Nichols of the United Church of Christ, Congregational, Wilmington.

A special feature for children 8 to 14 years of age will be 3:30 pm Children's Services in the Fellowship Hall. These services will include songs and choruses; the Pastors' 'Magic with a Message'; religious film-strips and a Bible Story with Victor-Ola (His Master's Voice), the Pastor's puppet. Mr. Miller's use of Victor in telling Bible stories was covered in the Associated Press and United Press International newspapers, and in Time Magazine some years ago because of the uniqueness of its use as a teaching technique.

The public is cordially invited to attend all of these services.

### One hundred years of healing through prayer

This book presents an impressive record of authenticated cases of outstanding physical healings and spiritual regeneration through Christian prayer. It is a timely response to today's renewed interest in spiritual healing.

The reader will find many instances where the individuals who experienced the healings explain the spiritual awakening which brought about those healings. This book commemorates the Centennial of the discovery of Christian Science in 1866 by Mary Baker Eddy. It is offered in a spirit of sharing the hope and joy of ordinary lives deeply touched by the Christ. \$5.00

## Were Bridesmaids Twice

### The Shamrocks

It's a sad tale, Mates. The Wilmington Shamrocks, owned by Harold Foley of the Shamrock Drive-In lost out in two crucial games this fall season. Twice they went up to the Altar of Chance and Fortune, and twice, it turned out, they turned out to be just bridesmaids.

This, too, in spite of the fact that Cagy Sam Ethier was lending all his baseball wisdom and prestige to the Shamrocks. Cagy Sam is the inventor of several valuable additions to the lore of baseball - the Cagy Sam Scoring Sticks, - the Cagy Sam Ball Inspection Gambit, in which an opposing pitcher is inveigled into losing control of the ball, and others as well.

The Shamrocks are really the old ball team that Sam managed for years, in his younger days. Nowadays they play Soft Ball, and

Slow Pitch Tournament, at the St. Louis Park, in Lowell.

Guess who was at the head of the Winning Division - that's right - the Shamrocks!

And guess again, as to who was at the head of the Losing Division. That's right - Frank's TV from Dracut!

Once again the two teams had to play off a tournament, and the play-off was held last Sunday afternoon at the St. Louis Field.

This was to be the Shamrock's Revenge. Cagy Sam went along, and all the boys were eager to wipe off their escutcheon that terrible blot that had been placed there by those TV youngsters!

It would take just one game. Defeat those Frank's TV boys and walk home with the Trophy!

The game started at 2 pm with

IT FLIES THROUGH THE AIR: The baseball, in Slow Pitch, is supposed to go high, but not over ten feet above the ground. In this picture it seems to be over that height (arrow), but probably is not. Chuck Cushing on the mound, and Jimmy Newhouse behind the plate.

are specialists in the Slow Pitch variety of soft ball.

In Slow Pitch the pitcher sort of throws the ball up into the air and hopes it will cross the plate at the right height and angle so as to be called a strike by the umpire. If he is fortunate this happens. If, though, the batter also thinks it is a strike, he swings, and there is a mighty blow as that ball goes sailing through the air - generally to be caught by an outfielder.

There is another feature too - the tenth player. A Slow Pitch team has a roaming ball player who is called the Short Field. He can be played anywhere - in the outfield or in the infield. There can be, and generally is, four men in the outfield, and if a particular batter happens to be a man who lands the ball in the right field corner there can be, and often there are, four players in that particular section of the diamond.

Two weeks ago the Shamrocks played in a Medium Pitch tournament in Billerica. The two top teams in the tournament, it turned out, were the Shamrocks, and a team of younger men who were playing under the flag of Frank's TV of Dracut.

Cagy Sam went along to coach at third base - and to lend the weight of his wisdom and baseball lore.

Billerica was a double elimination tournament. The Shamrocks defeated Frank's TV in the first game and then went on to defeat all the other teams as well.

Frank's TV went on to defeat the other teams too, and it ended up with the Shamrocks being at the head of the Winner's Division and Frank's TV being at the head of the Loser's Division.

So the two teams had to play it out for a championship. If the Shamrocks won the game, that was it. If, on the other hand the Shamrocks lost the game there would be third - and deciding game.

So the Shamrocks lost that first game - 17 to 10 - in spite of the benefits of having Cagy Sam for a coach.

Then there was the playoff game. The Shamrocks should have won but didn't. Frank's TV, young and confident, out tired the Shamrocks and walked home with the trophy.

#### Round Two

For the past two weeks there has been a New England Open Invitation

CAPT BOB PELLERIN: Of the Shamrocks, accepts the Loser's Trophy.

JIMMY WAGNER BREAKS THE TIE: In the ninth inning, with a home run.

rocks, and again they came through Boom Boom McFeeters (so the opposition was calling him) hit a single home run, and then Scratch O'Reilly and Al MacDonald filed

THREE MEN HEADED FOR HOME: After a home run hit by Chuck Cushing, with two players on. Nearest the plate is Al MacDonald, then Jimmy Newhouse. Chuck is seen just rounding third base.

Chuck Cushing in the pitcher's box and Jimmy Newhouse catching. It was quite a team that the Shamrocks fielded - Jimmy Melzar at Second, Al MacDonald, Dick Ethier and others - all the boys were there. And the score at the end of the game - 32 to 20!

It was, someone joked, a Pitcher's Duel, with both pitchers being blindfolded. And the Shamrocks and Frank's TV had to play another game, for the championship!

That last game was one for the books. It went ten innings, three over the usual seven of Slow Pitch. Let's start with the fifth inning. The score was 9 to 5, with the Shamrocks ahead.

Frank's TV scored nine runs in that fifth. There was a homerun by Wagner, the shortstop, and he drove in three runs. With that play he earned himself the Most Valuable Player award. There were four doubles, and two singles, and when the inning was over the score was 14 to 12, with Frank's TV ahead.

The sixth inning was nothing. And, in the seventh, the Shamrocks just had to win!

But the best they could do was two runs - to tie up the game. Jimmy Melzar was on first when Butch McFeeters hit a homer.

The game had to go overtime. The eighth inning was scoreless, with the spectators hanging onto their hats.

The first half of the ninth saw Frank's boys hit three homers - with nobody on - Wagner, Perrault and Carney, the Pitcher.

Again it was up to the Sham-

out. The air was tense, as Joe Beaton singled.

Then Joe Casey got up to the bat, and, unlike his honored namesake, Casey hit his homer. The score was tied again - 17 to 17!

Then came the tenth inning. LaFontaine homered for the boys in Frank's team and then Carney homered. The score was 19 to 17, and the Shamrocks had to do or die.

Phil Nelson struck out. Melzar

FRANK ALLEGROSSO, Owner of Frank's TV proudly accepts his second winner's trophy over the Shamrocks, from Chief Umpire Neil Landry.

singled. Dick Ethier singled. The tying runs were on!

McFeeters filed out, and there was but one out left for the Shamrocks.

Scratch O'Reilly, all six foot three of him, advanced to the plate. On the last strike he filed out, and the game was over!

And the Shamrocks, for the second time this summer, found themselves being the Bridesmaids to Frank's TV.

## TOWN OF WILMINGTON

PLANNING BOARD  
PUBLIC HEARING

Notice is hereby given that the Wilmington Planning Board will hold a public hearing in the Wilmington High School at 8 pm on September 21, 1966, on the articles for the Special Town Meeting of October 1, 1966 listed below.

ARTICLE -To see if the Town will vote to amend the Zoning By-Law by inserting the following:

## 'SECTION II. DEFINITIONS

8. Stadium. A structure enclosing a minimum of three hundred and fifty thousand square feet of land area measured from within the outside perimeter of the structure, with or without a retractable roof, designed to be used for indoor or outdoor sporting events, recreational activities, or as a place of assembly, but specifically excluding mechanical amusement contrivances, gambling or wagering activities, and animal or vehicle racing; and which is located on a parcel of land of not less than forty-five acres devoted exclusively to such use and facility and reasonable accessory use, but which may also include an Arena structure.

9. Arena. A structure enclosing a minimum of one hundred thousand square feet of floor area, with or without a retractable roof, and which is designed to provide seating accommodations for a minimum of ten thousand persons in connection with indoor or outdoor sporting events, recreational activities, exhibitions, or as a place of assembly; but specifically excluding mechanical amusement contrivances, gambling or wagering activities, and animal or vehicle racing; and which is located on a parcel of land of not less than forty-five acres exclusively devoted to such use and facility and reasonable accessory uses, but which may also include a Stadium structure; or do anything in relation thereto.

ARTICLE -To see if the Town will vote to amend the Zoning By-Law by striking out in their entirety Sections III-3 A. 22 and V-2 C and inserting thereof the following:

## 'SECTION III-4 USES IN INDUSTRIAL DISTRICTS

A. 16. Stadium or Arena for indoor or outdoor use, with or without a retractable roof, as defined and limited in Section II herein.

## SECTION V-2 HEIGHT

C. Stadium or Arena use authorized in Industrial Districts may be constructed above the maximum height limitations, but no such structure or projection shall exceed the lesser of either the height of two hundred and twenty-five (225) feet or twenty-eight feet for each acre of land or fraction thereof, enclosed by the exterior perimeter of the Stadium or Structure; or do anything in relation thereto.

ARTICLE -To see if the Town will vote to amend Section 14 of Chapter 3 of the Town By-Laws by adding at the end thereof a new paragraph reading as follows:

"In addition to and not in derogation of the authority herein above granted, the Selectmen, after first giving due notice to all abutters and after publishing notice for two successive weeks in a local newspaper of their intentions to sell, may negotiate the sale and sell and convey to an abutting owner, lands acquired by the Town by the foreclosure of tax titles and provided said parcel is not eligible for a building permit because of zoning requirements or otherwise and upon receipt of a sum equal in amount to any unpaid taxes, interest and expenses which have accrued upon such lands to the date of such sale; and further provided that if the aggregate of the accrued taxes, interest and expenses is greater in amount than the fair market value of the land as determined by the Board of Assessors, the Board of Selectmen may sell and convey such land for an amount which is not less than its fair market value as so determined; and further provided that the Selectmen may impose such restrictions in the deed of conveyance as in their judgement is for the best interest of the Town; or do anything else in relation thereto.

ARTICLE -To see if the Town will vote to amend the Zoning By-Law by striking out in its entirety Section III-3A 21 which reads as follows:

"A direct consumer, and/or commercial service type dry-cleaning plant establishment" or do anything else in relation thereto.

ARTICLE -To see if the Town will vote to amend the Zoning By-Law by adding to Section II thereof, under the caption 'DEFINITIONS', the following new definitions:

'10. PARKING SPACE. An area of not less than two hundred (200) square feet and having a width of not less than ten (10) feet for parking one motor vehicle, exclusive of passageways and driveways appurtenant thereto, and with free and unimpeded access to a street over unobstructed passageways or driveways.

11. LOADING SPACE. An on-the-property space for the standing, loading or unloading of vehicles to avoid interference with the public use of streets and alleys and shall be confined to side and/or rear of property. Such space shall be not less than ten (10) feet in width, fourteen (14) feet in height and thirty (30) feet in length, exclusive of access aisles and maneuvering space.

12. FLOOR AREA. The aggregate horizontal area in square feet of floors within the walls enclosing the building, including cellars and basement areas used only for storage or services incidental to the operation or maintenance of the building; or do anything in relation thereto.

ARTICLE -To see if the Town will vote to amend the Zoning By-Law by striking out, with the exception of the numbered subparagraphs therein, paragraph A of subsection IV-3 thereof, under the caption 'OFF-STREET PARKING', and to insert in place thereof the following:

"In any district where permitted, no use of premises shall be authorized or extended, and no building or structure shall be erected or enlarged, unless there is provided for such use or extension, or for such building erection or enlargement, on the same lot as said use, extension, erection or enlargement, a parking area and loading and unloading spaces, all with permanent surfacing within three hundred (300) feet of the principal building, structure, or use of the premises except for single family dwellings used exclusively for said purpose, sufficient to serve the business conducted therein, including parking spaces for visitors, and for all persons employed in the building or in connection with said use without using adjacent streets therefor. Loading areas or spaces shall not be considered to be part of a parking area. The following minimum specifications are set forth; or do anything in relation thereto.

ARTICLE -To see if the Town will vote to amend the Zoning By-Law by striking out the entire subparagraph 8 of paragraph A of subsection IV-3 thereof, under the caption 'OFF-STREET PARKING', and to insert in place thereof the following:

"8. For a craft shop, warehouse and storage use, terminal, manufacturing use and all other uses first permitted in an Industrial District, with the exception of those listed in the foregoing subparagraphs 1 to 7, inclusive, one (1) space for each two hundred (200) square feet of floor area; or do anything in relation thereto.

ARTICLE -To see if the Town will vote to amend the Zoning By-Law by striking out at the end of subparagraph 9 of paragraph A of subsection IV-3 thereof, under the caption 'OFF-STREET PARKING', the words 'habitual or frequent additional use of streets', or do anything in relation thereto.

ARTICLE -To see if the Town will vote to amend the Zoning By-Law by adding to paragraph A of subsection IV-3 thereof, under the caption 'OFF-STREET PARKING', the following new subparagraph:

"11. For a single family detached dwelling, at least two (2) parking spaces shall be provided. This may include any driveway or garage within the lot; or do anything in relation thereto.

ARTICLE -To see if the Town will vote to amend the Zoning By-Law by striking out paragraphs B and C of subsection IV-3 thereof, under the caption 'OFF-STREET PARKING', and to insert in place

thereof the following:

"B. No parking area shall be used for any use that interferes with its availability for the parking need it is required to serve.

C. All required parking facilities shall be provided and maintained so long as the use exists which the facilities were designed to serve. Off-street parking facilities shall not be reduced in total extent after their provision, except when such reduction is in conformity with the requirements of this subsection. Such facilities shall be designed and used in such a manner as at no time to constitute a nuisance, or a hazard, or unreasonable impediment to traffic.

D. Joint on-street parking facilities may be provided by two or more separate buildings or uses on the same lot or on contiguous lots in the same ownership, but in such case the total spaces required shall be the sum of the spaces required for the individual buildings and uses.

E. Finding and Determination by the Town Engineer.

For the purpose of administering this Section IV-3, a site plan shall be submitted to the Town Engineer for a finding and determination that the proposed facilities as shown on the site plan are adequate to serve the building, structure or use of the premises. The plan shall indicate the location of all existing and proposed structures, parking spaces, driveways, intersections of driveways and streets, loading and unloading spaces, maneuvering, services and other open areas, and all facilities for sewage, refuse, and other waste disposal, for surface and ground water drainage and for landscape features.

An applicant shall file with the Town Engineer an application therefore, together with a preliminary site plan, each in quintuplicate. Such application and site plan shall include the elements as to which the Engineer is to make a finding and determination, as hereinabove provided, with information as to the nature and extent of the proposed use of the buildings, and such further information in respect to such elements and use as the Engineer may reasonably require. The Town Engineer, upon receiving such application for a finding and determination, shall proceed as provided in paragraph F of subsection IV-3 of this By-Law under the caption 'Procedure on Application for Finding and Determination'.

In considering the plan, the Town Engineer shall take into account, to a degree consistent with reasonable use of the premises in the District in which located, such matters as:-

1. Convenience and safety of vehicular and pedestrian movement on the site and on adjoining streets and properties;

2. Adequacy as to the arrangement and, where not herein specified, the number of spaces indicated on the plan in relation to the proposed building, structure or use of the premises; and

3. Adequacy of the methods on the site of waste disposal, drainage, and landscape treatment.

The Town Engineer may find and determine that the proposed facilities shown on the plan are adequate or inadequate to serve the building, structure or use of the premises. A finding and determination by the Town Engineer that such facilities are inadequate shall constitute grounds for disapproval of the use of the premises by the Building Inspector.

F. Procedure on Application for Finding and Determination.

Upon receipt of application and site plan by the Town Engineer under the provision of paragraph E of subsection IV-3 of this By-Law, the Town Engineer shall within three (3) days (Saturdays, Sundays and holidays excluded) transmit to the Planning Board two (2) copies of said application and site plan. The Planning Board shall consider the same and shall submit a final report thereon with recommendations to the Town Engineer. The Engineer shall not make a finding and determination upon an application until he has received the final report of the Planning Board thereon or thirty (30) days shall have elapsed since the transmittal of said copies of the application and site plan to the Planning Board without such report being submitted.

The Town Engineer shall take final action on an application within

forty (40) days after the filing of such application with him. Such final action shall consist of either (1) a finding and determination that the proposed facilities are adequate to serve the business to be conducted on the particular lot involved, or (2) a written denial of the application for such finding and determination, stating the reasons for such denial, which reasons shall include a statement of the respect in which any elements in and particular features of the proposal are deemed to be inadequate to serve the building, structure or use of the premises. A finding and determination may be subject to such reasonable conditions and restrictions set forth therein as the Town Engineer may deem necessary to insure that the proposed use, extension, erection or enlargement will serve the building, structure or use of the premises.

In the event the Town Engineer makes such finding and determination, such use, extension, erection or enlargement shall be carried on only in conformity with any conditions and restrictions to which the Town Engineer shall have made his finding and determination subject, and only in essential conformity with the application and the site plan on the basis of which the finding and determination is made.

The period within which final action shall be taken may be extended for a definite period by mutual consent of the Town Engineer and the applicant. In the event the Engineer determines that the site plan is inadequate to permit him to make a finding and determination, he may, in his discretion, instead of denying the application, extend the period to a later date to permit the applicant to submit a revised site plan, provided, however that such period shall not extend the forty (40) day period within which final action shall be taken by the Engineer, unless said period is extended to a day certain by mutual consent.

The Town Engineer shall file with his records a written report of his final action on each application, with his reasons therefor. A copy of each report shall also be filed with the Planning Board and the Building Inspector. A copy of each application and its accompanying site plan shall likewise be filed with the Building Inspector.

In the event the Town Engineer shall fail to take final action on the application within forty (40) days after the filing with the Engineer of an application for a finding and determination, or within such extended period as shall have been mutually agreed upon as herein provided, then upon the expiration of said forty (40) day or extended period, said Town Engineer shall be deemed to have found and determined that the proposed use, extension, erection or enlargement will serve the building, structure or use of the premises.

G. Design of All Off-Street Parking Facilities.

1. Parking facilities shall be occupied only by passenger cars and commercial vehicles not exceeding seven and one-half (7 1/2) feet in width and eighteen (18) feet in length, unless the special standards provided in subparagraph 10 of this paragraph G are met.

2. The minimum dimensions of stalls shall be as set forth in the definition of parking spaces except that in the case of parallel parking the stall depth shall be at least twenty-two (22) feet. Such dimensions may include no more than two (2) feet of any grassed area or of any sidewalk within the lot adjacent to the front or rear of a stall and used for bumper overhang provided the sidewalk has a minimum width of six (6) feet.

3. The minimum width of aisles providing access to stalls for one-way traffic only, varying with the angle of parking, shall be:

Angle of Parking	Minimum Aisle Width
Parallel	12 Feet
30 Degrees	11 Feet
45 Degrees	13 Feet
60 Degrees	18 Feet
90 Degrees	20 Feet

Minimum width of aisles providing access to stalls for two-way traffic shall be 24 feet.

4. The width of entrance and exit driveways, except as permitted in subparagraph 12 of this paragraph G shall be:

- a minimum of 12 feet for one-way use only;
- a minimum of 20 feet for two-way use; and
- a maximum of 20 feet at the

street lot line in residence and rural districts, and 30 feet in business and industrial districts.

5. Curbs or stall bumpers shall be located around the perimeter of the parking area, except at driveway entrances and exits, to prevent motor vehicles from damaging buildings, fences and other structures or overhanging planted areas and walks except as permissible under subparagraph 2 of this paragraph G. The curbs or stall bumpers shall be constructed or installed in accordance with specifications furnished by the Town Engineer.

6. In Rural and Residence Districts, the surfaced area of a parking lot and all entrance and exit driveways shall be set back:

a. from the front lot line, except where an access driveway crosses the street lot line, the distance specified for building setback under Section V;

b. from the side lot line in the front and side yard, the distance specified for building setback under Section V;

c. from the side and rear lot lines in the rear yard, a minimum of five (5) feet. Such setback shall be seven (7) feet where two (2) feet of setback area is included in minimum stall depth as provided in subparagraph 2 of this paragraph G.

Such setback areas shall be planted and maintained, subject to subsection V-6.

7. Abutting properties in Rural and Residence Districts shall be protected from light, as follows:-

a. All illumination on parking lots must be shielded so as not to shine upon abutting properties in Rural and Residence Districts.

b. Properties in Rural and Residence Districts, other than the use served by the parking lot, which abut the parking lot shall be protected from headlight glare by either:-

(1) A strip at least four (4) feet wide, densely planted with shrubs or trees which are at least four (4) feet high at the time of planting and which are of a type that may be expected to form a year-round dense screen at least six (6) feet high within three (3) years; or

(2) A wall, barrier, or fence of uniform appearance at least five (5) feet high, but not more than seven (7) feet above finished grade. Such wall, barrier, or fence may be opaque or perforated, provided that not more than fifty (50) per cent of the face is open.

(3) Such screening shall be maintained in good condition at all times, and shall not be permitted, except for trees, to exceed seven (7) feet in height within required side yards. Such screening or barrier may be interrupted by normal entrances and exits, and shall have no signs hung or attached thereto.

8. No stall shall be located within ten (10) feet of that part of a building having windows of habitable rooms at the basement or first story level, except as permitted in subparagraph 12 of this paragraph G.

9. The regulations for the parking of trucks, buses, or other commercial vehicles exceeding seven and one-half (7 1/2) feet by eighteen (18) feet in size shall be as follows:-

a. Stalls to provide parking for commercial vehicles exceeding seven and one-half (7 1/2) feet by eighteen (18) feet in size shall be located at least one hundred (100) feet from the nearest dwelling unit in a Rural or Residence District.

b. Stalls for such vehicles shall be specifically identified upon the plan, and shall be of such dimensions as to accommodate the specified type of vehicle. Such vehicle shall be permitted to park only in the stalls so identified and approved.

c. Whenever such lot is adjacent to Rural or Residence Districts it shall be screened from abutting property as provided in subparagraph 7 above.

10. Drainage, surfacing and maintenance of parking lots shall be as follows:-

a. The parking lot shall be marked so as to indicate clearly the direction of traffic flow as well as the space to be occupied by each motor vehicle, in accordance with the dimensions specified in subparagraph 2 of this paragraph G. Such markings shall be maintained so as to be plainly visible.

b. The area of the lot not planted and so maintained, including driveways, shall be graded, surfaced

PLANNING BOARD  
(Fr. Page Nine)

with asphalt or other suitable material, and drained to the satisfaction of the Town Engineer, to the extent necessary to prevent nuisance of dust, erosion, or excessive water flow across public ways.

c. Lots shall be kept clean and free from rubbish and debris.

11. Where parking lots are increased in capacity, the entire parking area thereof shall be designed in accordance with the regulations of this subsection IV-3.

12. Parking lots for three vehicles or less shall conform to the regulations of this paragraph G with the exception of items a, and b, of subparagraph 4 and of subparagraph 8 thereof.

13. At least two (2) per cent of the interior of a parking lot with twenty-one (21) or more parking spaces shall be planted and continuously maintained. Planting along the perimeter of a parking area, whether for required screening or general beautification, shall not be considered as part of the two (2) per cent interior planting. The planting shall be distributed throughout the parking area and shall include trees as well as other plant material. Existing trees shall be preserved where possible. No planting bed shall have a width of less than three (3) feet or do anything in relation thereto.

ARTICLE -To see if the Town will vote to amend the Zoning By-Law by adding to Section V thereof, under the caption 'HEIGHT, AREA

AND YARD REGULATIONS', the following new subsections: 'V-7 TRAFFIC VISIBILITY ACROSS CORNERS.

In any district where a front yard is required, no structure, fence, planting or other structure shall be maintained between a plane two and one-half (2 1/2) feet above curb level and a plane seven (7) feet above curb level so as to interfere with traffic visibility across the corner within that part of the required front or side yard which is within a triangle bounded by the street lot lines and a straight line drawn between points on each such lot line twenty-five (25) feet from the intersection of said lot lines or extension thereof; or do anything in relation thereto.

ARTICLE -To see if the Town will vote to amend the Zoning By-Law by striking out from paragraph C of subsection VIII-1 thereof, under the caption 'ENFORCEMENT',

the designation 'IV-3B', and to insert in place thereof the designation 'IV-3E'; or do anything in relation thereto.

ARTICLE -To see if the Town will vote to amend the Zoning By-Law by striking out from paragraph B of subsection VIII-2 thereof, under the caption 'APPEAL', the dash after the words 'The Board shall', by inserting in place thereof a comma, and to insert also the phrase 'after due notice and a public hearing'; or do anything in relation thereto.

FUNERAL SERVICES FOR  
MARUSO LASCELLES

Maruso Margaret Lascelles, 3 1/2 year old daughter of S/ Sgt. William A. and Kalliope (Polullo) Lascelles, of Archer Town Road, New Egypt, N.J. died at the US Naval Hospital in Philadelphia Pa. on Sept. 10 after a lingering illness.

Beside her parents, she is survived by a sister, Grace C. and a brother, Francis L. of New Egypt NJ, her paternal grandparents, Mr and Mrs Francis L Lascelles of Nassau Ave. Wilmington and her maternal grandmother, Mrs Maruso Pondelao of Athens, Greece.

The funeral was held from the W S Cavanaugh & Son Funeral Home, 374 Main St. Wilmington on Wednesday Sept. 14 at 8:15 am, followed by a Mass of the Angels in St Thomas Church at 9 am celebrated by the Rev. Francis MacKin. Burial followed in the family lot in Wildwood Cemetery. Pall bearers were Edmund Lascelles, Francis Lascelles, James Capps and Jack Bland.

ANDREW HAMMOND LIVED  
IN WILMINGTON 30 YEARS

Andrew Hammond of 61 Lowell Street passed away suddenly on Sept. 10th in the Winchester Hospital. A resident of Wilmington for over 30 years, Mr Hammond was born in Ireland 78 years ago. He was the husband of the late Margaret A (Gillespie) Hammond, and the father of John R. and Mrs Helen D Yentile, both of Wilmington, and Mrs Elizabeth G Blanchard of Billerica, and the late Andrew Hammond. 16 grandchildren also survive.

Mr Hammond was a stone mason by occupation and had worked for the Monsanto Chemical Co of Everett for 50 years.

Funeral services were held on September 14th from the Nichols Funeral Home, 187 Middlesex Ave. with the Rev. Allen W Tadgell of the Congregational Church officiating. Pall bearers were Robert Blanchard, James and Thomas Yentile, Andrew, Gerald and David Hammond, all grandsons. Burial was in the family lot in Wildwood Cemetery, with the Rev. Mr. Tadgell conducting the committal services.

FUNERAL SERVICES FOR  
MRS LILLIAN CHAPMAN

Lillian A Chapman of 4 Birchwood Road passed away suddenly at her late residence on Saturday Sept. 10th. A resident of Wilmington for over 30 years, Mrs. Chapman had resided for the past 8 years on Birchwood Road.

Born in Boston 69 years ago, she was the widow of Carl Chapman and the mother of Mrs Ruth Goodwin of Middleton, Laurence Chapman of Wilmington, William Chapman, and Mrs Doris Semmeler, with whom she made her home. 17 grandchildren and a brother, William MacMelville of Dorchester also survive.

Mrs Chapman was a late member of the Wilmington Golden Age Circle. Funeral services were held from the Nichols Funeral Home, 187 Middlesex Ave. on Monday, Sept. 12th at 2 pm, with the Rev. Robert Smith of the Wilmington Baptist Church officiating. He was assisted by the Rev. Frank Goodwin, a grandson, of Pennsylvania. Burial followed in the Wildwood Cemetery, Wilmington.

## ARLINGTON ACADEMY OF MUSIC

The Arlington Academy of Music has commenced registrations for its thirty-third year. One of five State Approved Schools, it has also started registrations at the Burlington School.

The Arlington Academy, a school which believes strongly in the advantages of the private lesson, attributes almost all of its growth to the excellent reputation it has. According to the Board of Directors: 'We are in existence for only one reason. Our purpose is to teach music, in all its forms, to people of all ages'. They accomplish their purpose.

The Academy teaches all instruments and voice, and has one area which is of particular interest to parents, as it deals with children between the ages of 7 and 12. Called the Trial Program, it is designed to determine whether or not a child in this age bracket has any 'innate' ability for music.

The Academy adopts the attitude that parents should not spend money on instruments until there is some proof of talent in the student. To this end the Arlington Academy offers a program where the expense is at a minimum, the instrument to be used is made available rent free, and the degree of talent in the child is measured through private lessons, band and testing.

With its ever increasing enrollment, the Arlington Academy is continuing to maintain the same high level of standards which set it apart from other schools endeavoring to teach music.

Middlesex, ss.  
To all persons interested in the estate of **EDWARD HAMILTON** late of Wilmington, in said County, deceased.

A petition has been presented to said Court for probate of a certain instrument purporting to be the last will of said deceased by **ELSIE PEARL HAMILTON** of Wilmington in the County of Middlesex praying that she be appointed executrix thereof without giving a surety on her bond.

If you desire to object thereto you or your attorney should file a written appearance in said Court at Cambridge before ten o'clock in the forenoon on the twenty-sixth day of September 1966, the return day of this citation.

Witness, John C. Leggat, Esquire, First Judge of said Court, this twenty-ninth day of August 1966.  
John V. Harvey, Register.

**JOE INFANTINO IN VIETNAM**

Private Joseph L Infantino, 19, son of Mr and Mrs Joseph A Infantino of 16 Auburn Avenue is serving in the 11th Armored Cavalry Regiment, which landed in Vietnam last week. The highly mobile regiment was last stationed in Fort Meade, Maryland.

The same regiment took part in the Philippine Insurrection of 1899-1903, so that this is its second tour in the Far East for combat service.

Pvt. Infantino, who entered on active duty in November 1965, is a security guard in Troop M of the regiment's 3rd Reconnaissance Squadron. He is a 1965 graduate of Wilmington High School, and before joining the army was employed by the Eagle Can Company.

**MOOSE PLAN  
LOBSTER DINNER**

N Reading Lodge 15pp Loyal Order of Moose will have a lobster of chicken dinner on Saturday, Sept. 24th at the lodge. Dinner will be served at 7 pm downstairs, and will be followed by a social in the Lodge Hall with a band for dancing. Tickets must be picked up and paid for by Sept. 22nd.

**SHOWER FOR MAUREEN  
MCENANEY, BRIDE-ELECT**

Miss Maureen McEnaney of North Chelmsford, daughter of Mr and Mrs Roland McEnaney of Chelmsford was honored last Saturday at the home of Mr and Mrs Leonard Chisholm of Hopkins Street with a shower. Miss McEnaney will become the bride of Lester Chisholm on September 24th, in a marriage that will take place in Chelmsford.

There were many lovely presents, and guests were present from Wilmington, Chelmsford, Medford, Dorchester, Lowell, Winchester and Southbridge.

The decorations for the party were by Mrs Terry Chisholm of Billerica, and corsages were made by Mrs Walter Cunningham of Wilmington.

**Lions plan X-Mas Packages**

The Wilmington Lions Club plans to send a Christmas Package to every serviceman possible, from Wilmington, now serving in Vietnam. It has made a request that any Wilmington resident knowing the address of a Wilmington boy in Vietnam please call 658-8072 and give that address.

The Lions are not alone. The Holy Name Society of St. Thomas Church is preparing a

Christmas List, and the Jayceettes are also preparing such a list.

It has been proposed that the organizations work together with the Town Crier, which annually prepares a list of Wilmington servicemen and publishes it for the use of the Wilmington residents.

If such a list can be prepared this year, in time, it will be published in the Town Crier in October.
